ONE SKI PASS
TWICE THE FUN!

KÜHTAI ↑ 2.020

Majestically situated at 2,020 metres, Kühtai – Austria's highest winter sports resort – delights visitors from late November to mid-April with guaranteed snow and skiing fun.

Together with the Hochoetz ski area, the combined ski pass offers over 90 kilometres of varied slopes and brings together two top-class ski areas. Kühtai impresses with challenging slopes of all levels of difficulty, ski-in & ski-out access right up to the hotel or the car park, as well as highlights such as the K-Park with its freestyle area and SnowCross track.

In Hochoetz, family-friendly skiing, enjoyable runs and an impressive mountain panorama come together. A wide range of activities for young and old make the ski resort the ideal complement to the high-alpine Kühtai.

Together, Kühtai and Hochoetz offer even more variety and winter fun with just one ski pass. The winter experience is rounded off by tobogganing, night skiing, cross-country skiing and snowshoeing.
